Oxford University Press Inc. Paperback. Book Condition: new. BRAND NEW, Mustafa Kemal Ataturk: Heir to the Empire, Ryan Gingeras, Part of The World in A Life series, this brief text provides insight into the life of Mustafa Kemal Ataturk. By the outbreak of World War II, the Republic of Turkey epitomized more than a state bound for better times; it aspired to represent the essence of modern politics in the twentieth century. To contemporaries of this period, Mustafa Kemal Ataturk-the country's first president-was both the muse and the architect of this radical transformation. By the time of his death in 1938, he was regularly compared alongside other luminary statesmen of the post-Versailles era. Outside of Turkey, his name was synonymous with bold leadership and ambitious reform. Ataturk's reputation as a man both progressive and iconoclastic greatly augmented his already lofty status as Turkey's premier general and war hero. Yet there were some aspects of his life presidency that tempered contemporary admiration for Mustafa Kemal. His acclaim and celebrity came with the understanding that he was a dictator with little patience for liberal democracy. Ataturk's inability to brook compromise and tolerate opposition engendered acts of violence and oppression that resulted in the deaths of large numbers of his fellow citizens. As a whole, the legacies of both his achievements and flaws as a leader remain critical to any understanding of modern-day Turkey. We live in a global age where big concepts like "globalization" often tempt us to forget the personal side of the past. The titles in The World in A Life series aim to revive these meaningful lives. Each one shows us what it was like to live on a world historical stage. Brief, inexpensive, and thematic, each book can be read in a week, fit within a wide range...
