Born of the author s own experience working with teachers and principals, Action Research, 5/e, provides a research-based step-by-step outline of how to do action research. The author guides teachers and administrators through the action research process via numerous concrete illustrations; positioning it as a fundamental component of teaching. The Enhanced Pearson eText features embedded video. From reviews of the book: Mills writing style is informative, direct, and personalized and his expertise as a researcher is evident throughout the textbook. He fully understands the uniqueness of teacher-centered research. . . . The language and the illustration cater to the classroom research contexts and it is easy to understand and apply. Adel Al-Bataineh, Illinois State University The book emphasizes the importance of reflection and creating an action plan. . . . Examples of action research papers are included. There are study sites, videos, slides and other supplemental materials available for the students to consult for ancillary learning. The writing style is clear, interesting and engaging. Throughout the text, Mills offers the reader a research scenario that helps to position him or her around the theme of the chapter and context of the research phase. This helps to alleviate some of the anxiety students of action research may experience as they begin each aspect of the action research process. Beverly Melenzyer, California University of Pennsylvania...
