Canon Press. Paperback. Condition: New. 130 pages. I dont pull punches or hold back in this book, because I am writing to myself as much as to you. If something in this book strikes a little close to home for you, know that it struck in my home first. I am not writing about other peoples problems, although I know many of them are common. I write about what I know, and what I know is the challenges, the joys, and the work involved in raising little people. In this follow up to Loving the Little Years, Rachel Jankovic pushes her parenting field notes out onto the skinny branches of motherhood. Fit to Burst is chock-full of humorous examples and fresh advice covering issues familiar to every mom such as guilt cycles, temptations to be ungrateful or bitter, and learning how to honor Jesus by giving in the mundane things. But this book also addresses less familiar topics, including the impact that moms have on the relationships between dads and kids, the importance of knowing when to laugh at kid-sized sin, and more. Fit to Burst will help us to be moms who parent with the story in mind rather than snapshot, who know how to both give and require much from their children in the everyday mayhem, and who understand the importance of biscuits. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
