Brand New Book ***** Print on Demand *****.Excerpt from Louisiana Herpetology: With a Checklist of the Batrachians and Reptiles of the State and the Avifauna of Louisiana, With an Annotated List of the Birds of the State The entire reptilian fauna of the State may be said to be represented by about 114 species, belonging to 56 genera; representing 25 families in 8 orders. It is possible, however, that this list may be considerably augmented by species which are, so far, supposed to be confined to the Florida and Texas districts. In general, the enumeration may be accepted as adequately correct, for the species of this class are, more or less, confined to their native localities, as migration, in the stricter acceptation of the term, can scarcely be ascribed to any reptile. Aquatic forms may gain considerable distribution by means of their clement, but beyond that they would encounter obstacles over which wings only could transport them. On the other hand, terrestrial forms would be even more effectually checked in their attempts to extend their original habitat. It is true, however, that...
