Roar of Lions seeks to inspire you, whether you are going through an illness or a healing process or just going with the flow in life. Nature is vast and has lots to offer; with the intentions you put out there, anything can be achieved. The purpose of this book is to share with you the techniques that I have learned on my journey, with the hope that they can also help you in such a way that the roar of lions may disappear in your life. And I wish you as much success with your journey as I have had on mine. The word cancer is similar to hearing roar of lions in the jungle and the encircling of lions continues until you start using the healing techniques. Breathe freely and easily, so will your life flow freely and easily.
