(From the days of 2006) For Paul Day a bad year isn't the exception to the rule, it's pretty much the norm. And 2006 is certainly no different. Age 30, seemingly stuck on the shelf after another disastrous relationship ends in a shambles. Just another number in the Government's unemployed statistics. Could life get any worse? So, when his childhood sweetheart, Louise Knight, re-appears into his life, you could forgive him for forgetting about one of the key rules of love, couldn't you? You know, the firework rule - never go back? Taken from the comedy epic that is Paul Day Chronicles - Happily After Ever, this short adventure focuses on what happens when you try to rekindle the flames of love from days gone by. Touching, thought provoking, and more than anything laugh out loud funny, read along as Paul Day brings his own brand of life chaos to every situation he finds himself in.
