The Quantum Realm: Philly the Photon, is an inspirational novella that addresses some of the key elements of Science and Quantum Physics and how it relates to the human experience. Understanding these elements in the context of human psychological growth and development can have a tremendous positive impact. This simple story of a young man confronting his trauma brought on by Nature--a freak electrical storm, by endeavoring on a quest of knowledge through the Quantum Realm, provide fundamental truths about how our personal life can be enhanced by the understanding of scientific analysis and the primary patterns of the Universe that govern our physical and spiritual existence. This journey will inspire, educate, and challenge your perceptions on relative reality. Children and young adults will find sanity and direction in these words, while adults of all ages will find nuggets of wisdom for personal application. Embark on a journey with Sebastian and visually experience the more elusive universal patterns that determine who we are as humans and how we are integrally and three-dimensionally connected to everything and everyone around us through the continuum of quantum events.
