Hands-on tutorials interspersed with referential material appear in each chapter. The primary focus of this book is to show students how to minimize the amount of 'shifting' they have to do to use VIZ as well as how to get the most out of VIZ by understanding its features. The book accomplishes two main goals: Understanding VIZ's workflow and understanding VIZ's features. The CD-ROM includes all the files that are needed to complete the exercises in each chapter. 690 pp. Englisch.
