Why Your Business Needs a Website If you're doing business today online OR offline you need a website. It's that simple. Every day, Google completes more than 5 billion searches. Think some of those people, even just a tiny fraction, might be searching for what you sell. If you don't have a website, how will they ever find you? This book is about setting up your web presence the right way, or optimizing your existing website to reach more visitors. Ultimately it's about generating more traffic, more leads, and more sales and profit for your small business. Who is This Book For? This book is for small business owners who: -Have a website, but feel like it's not delivering the results it could. -Need a website, but aren't sure where to start or who to trust for advice. -Are confused and intimidated when dealing with technical problems or contracting with programmers. Have you been overpromised or oversold by web developers in the past? You're not alone. In fact, it happened to me. It seems like there's an entire industry out there trying to milk small business owners out of their hard-earned cash. But you don't need to be another victim. Armed with this checklist, you'll have a working knowledge of all the important elements of a truly awesome website; one that presents your brand to the world and helps achieve your goals online. After all, isn't that what it's all about? Why This List? There is no shortage of resources when it comes to getting started online. Some of these are genuinely helpful, and many of those will be mentioned in the pages ahead. But others just want...
