WARRIOR PATIENT A JOURNEY FROM MEDICAL DOPE TO HEALTHY HOPE

Templeworks Publishing LLC. Paperback. Condition: New. 330 pages. Dimensions: 9.0in. x 6.0in. x 0.8in. People go to the hospital. People die. Warrior Patient tries to put as much distance as possible between those two sentences. The United States has the best doctors and the greatest medical system the world has ever known. That's the truth. Every year 100,000 patients die and nine million suffer injury because of medical mistakes. That's also the truth. In this extraordinary age of medical miracles, patients continue to sink into the quicksand of going to the hospital. We all know or have heard about someone who checked in for normal surgery which led to their death. A funny medical research joke shows a doctor in a laboratory surrounded by white lab rats. His wide eyes and smile suggest he is having a brilliant eureka moment. We don't need better medicine, the doctor announces to his colleagues, we need stronger lab rats. Like it or not, in our medical system, we are the lab rats. How else can you explain 60,000 deaths and nine million injuries due to medical mistakes every year? As you read Warrior Patient you join the nine million. You become part of a journey from medical dope to healthy hope. It lasts three years and includes cancer, kidney failure, dialysis, deadly infections, partial blindness, shingles, large open wounds, a hernia and a little amputation. In the midst of all that illness, you will laugh and learn how to become a much stronger lab rat. A Warrior Patient takes advantage of America's fabulous medical system. A Warrior Patient is NOT taken advantage of BY that system. The story unfolds with humor and anecdotes that capture characters, times, and places, from good doctors to bad ones, from childhood to old age, from Africa...
