

## Still Not Walking on Water: The Continued Improbable Spiritual Enlightening of a Computer Geek

By James Reiley

BookBaby, United States, 2016. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book. Paul Bradley, a smart, well educated, computer software engineer has just gotten a divorce, sold the farm and, at forty, is starting back to medical school. He has been asking and continues to ask some of lifes big questions. Like what is the point of all this struggle for existence anyway and how does the universe really work, spirituality-wise. His friend Bob is a somewhat scruffy-looking computer scientist that used to work with Paul. In appearance, he gives the general impression that he would be just as at home standing on the median divider of a highway holding a cardboard sign reading "Will Compute for Food." He is an information junkie and has expertise in just about all of the sciences and most brands of meta-physics, having been a Zen Buddhist earlier in his life. He has spent much of his life in search of higher awareness, including the use of various psychoactive chemical accelerants. In Pauls case, Bob provides three essential services: 1. Pointing out possibly useful areas for spiritual seeking, i.e., what things to poke around at next to optimize...
