Createspace, United States, 2015. Paperback. Condition: New. Language: French . Brand New Book ***** Print on Demand *****. La longue discussion sur le curare (plus de trente années !) nous informe sur le projet général de Claude Bernard et les conceptions a priori qu'il défend dans ses interprétations des effets des poisons et du curare en particulier. Ces idées préconçues témoignent de son échec à proposer des explications partagées par ses concurrents. Mais surtout, ce à quoi on assiste là, c'est à l'émergence d'une nouvelle physiologie visant une meilleure intégration des données histologiques et surtout des résultats électrophysiologiques d'outre-Rhin à l'époque de la Guerre franco-allemande de 1870 et lors de l'émergence d'un nouveau matérialisme.
