Brand New Book ***** Print on Demand *****.There is a lot of confusion today concerning what God really intended religion to be. Even the word religion evokes a tremendous amount of controversy and emotion. There are also many things in the Bible that are difficult to understand; cultural divides that make it almost impossible to relate to, things that seem to contradict each other, laws and rituals that don t seem to have any relevance today and of course our own personal bias. But under further investigation, you find it actually all fits together like no other book in history. The only way to be sure of the Designer s intentions is to go to the Designer Himself in his word. It is my sincere hope and prayer that this booklet will help you realize the Designer s plan for you!.
