Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Data analyst Cassie Howard may be brilliant (and, okay, a little awkward), but she's worked hard to get where she is. She definitely doesn't need some sexy new analyst coming in and taking credit for her work. Or the inappropriate thoughts that keep popping out of her mouth she'd rather he not hear. For undercover FBI agent Drew Kerrigan, computers have always made more sense than people, but he'd better develop some slick social skills in a hurry if he's going to win over the too-tantalizing-for-his-sanity Cassie. Hacking their systems was easy. Now he's just got to hack the one person in the company most likely to see through his ruse.
