Reviews

Unquestionably, this is actually the greatest function by any writer. We have go through and so i am confident that i am going to gonna read through once more once again later on. I am just happy to explain how this is actually the very best book i have got go through during my individual existence and might be he greatest ebook for ever.

Organization for Economic Co-operation and Development (OECD). Paperback. Condition: New. 148 pages. Dimensions: 8.9in. x 6.2in. x 0.4in. This report compares urbanisation trends in OECD countries on the basis of a newly defined OECD methodology which enables cross-country comparison of the socio-economic and environmental performance of metropolitan areas in OECD countries. The methodology is presented and results from its application to 27 OECD countries are discussed together with policy implication both on national growth and governance of cities. The report also includes three original papers that present the urbanisation dynamics and prospects in China and South Africa and the governance challenges resulting from the new policy agenda on cities in the United Kingdom.
