NEW-DIMENSIONAL THOUGHT TECHNOLOGY: THE DAWNING OF A NEW CIVILIZATION (HARDBACK)

Balboa Press, 2016. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Even if life has been going well, everything gets turned around, and inevitably, we are unable to live the way we want. But we needn t remain stuck in the world of reversal. Once we recognize this, we can escape it. In New-Dimensional Thought Technology, author Roscco presents a system that makes it possible to fundamentally alter human living, thereby revealing the origin of the true self and the essence of the problem. It s about making a transformational change that is akin to being reborn within our own lifetimes. Roscco shares the discovery of the Miross system and its practical application whereby a human can go back to the life source and consciously formulate a new life by performing a complete reset. This allows both adults, who have already experienced life s twists and turns, and especially children, whose lives are still uncomplicated, to directly awaken their individual abilities. New-Dimensional Thought Technology shows how Miross can be the ultimate measure of conscious evolution with the capacity to eliminate all problems and create a society of absolute peace.
