Pub Date: December 2012 Pages: 247 Language: Chinese in Publisher: Social Sciences Academic Press since 1992. the debate on the level of China's total fertility rate gradually spread from the population academia to society as a whole as well as global controversy seems to evolve as a social issue. The substance of the controversy is that: for one is still under development. and the fertility transition is strongly induced the national family planning policy. China's total fertility rate much higher than the short term from the replacement level quickly dropped to well below the replacement level this fact difficult to understand and accept. and produce a deep suspicion. Population Studies Series: 21st Century China into the low fertility rate (1980-2000) draw on the ideas and methods of the International Conference on Population academia in recent years for the study of low fertility in developed countries and even the phenomenon of low fertility. creative use of 1997 the emergence of low fertility rate in China since the mid-1990s and 2001 two nationwide surveys of women of reproductive history data...
