To people who want learn spycraft, but don t know where to start, and don t want to work at the CIA Interested in learning a little tradecraft are we? The skills necessary to conduct an intelligence operation, perhaps a little bit of surveillance and counter-surveillance? This book will help you to do that! Let this at-home spy course be your guide into the intricacies of this world. This is a boook written for civilians, so we ll keep it as less-technical as possible, while arming you with the things you would need to begin in this journey. This is an excellent introduction to the basics, or foundations of the craft. Contrary to popular belief, tradecraft is actually fairly simple and commonsense-- yet can be terribly technical too. At the core is getting what you want, or the effects and actions that you desire from specific targets by any means! Your limits will be the resources, time allotted, acceptable risks, manpower and their abilities and of course ethical considerations and other specs of your mission. In this book you ll learn...
