By Laurence Taggart, Wendy Cousins

Open University Press. Paperback. Book Condition: new. BRAND NEW, Health Promotion for People with Intellectual and Developmental Disabilities, Laurence Taggart, Wendy Cousins, People with learning disabilities are affected by significantly more health problems than the general population and are much more likely to have significant health risks. Yet evidence suggests they are not receiving the same level of health education and health promotion opportunities as other members of society. This important, interdisciplinary book is aimed at increasing professional awareness of the importance of health promotion activities for people with intellectual and developmental disabilities. Written by an international board of experts, it is a thorough and comprehensive guide for students, professionals and carers. The book considers a variety of challenges faced by those with intellectual disabilities, from physical illnesses such as diabetes, epilepsy and sexual health issues, through to issues such as addiction, mental health and ageing.
