

The Thyroid Paradox How to Get the Best Care for Hypothyroidism

By James K. Rone

Paperback. Book Condition: New. Paperback. If you suffer low thyroid--or think you might--and want to learn more, especially if you're unsatisfied with the answers you're getting from your doctor, this book is for you. An estimated 5.8% of women and 3.4% of men in the United States are hypothyroid. Low thyroid is common, yet, paradoxically, may be rampantly overlooked. Why? As you'll discover in *The Thyroid Paradox*, there is a pervasive oversimplification of thyroid science and mainstream treatment of thyroid patients today. Current thyroid testing has weaknesses and should be interpreted, not in a vacuum, but as part of a diagnostic process based on all the evidence. Too often, doctors simply stick to test results and miss patients suffering with subtle hypothyroidism. *The Thyroid Paradox* is for the person who's been told "It's not your thyroid," without then being told convincingly what it is. Maybe you've been told nothing is wrong but know there must be some reason for your chronic fatigue, body aches, weight gain, dry skin, constipation, brain fog, depression, or menstrual irregularity. This book provides the answers for you. You'll learn about: The loopholes in current thyroid testing; Hidden forms of hypothyroidism and how to detect...

Reviews

This book is definitely worth acquiring. Yes, it is enjoyable, still an amazing and interesting literature. It's been written in a remarkably basic way and is particularly simple. Soon after I finished reading through this PDF, it actually changed me, affected the way in my opinion.

-- Murray Marquardt

This book is definitely not easy to get going on reading but extremely entertaining to learn. It is actually filled with knowledge and wisdom. I am very easily will get a delight of reading a composed eBook.
