The actual teachings of The Church of Scientology are explained and dissected against the candy-colored backdrop of a traditional nativity play. Pageant is a musical biography of the life of L. Ron Hubbard, with child-friendly explanations of Hubbard s notion of the divided mind (embodied by the lovely identical twins Emma and Sophie Whitfield in matching brain outfits) and a device called the e-meter (or electropsychometer), used to monitor the human psyche, which is demonstrated by stick puppets. Grade school children, portraying Tom Cruise, Kirstie Alley, John Travolta, and other less starry Scientologists, brings the controversial Church of Scientology to jubilant life in story and song.
