## A SKETCH OF ANCIENT PHILOSOPHY FROM THALES TO CICERO (CLASSIC REPRINT)

Forgotten Books. Paperback. Condition: New. 278 pages. Dimensions: 9.0in. x 6.0in. x 0.6in. Ancient Philosophy, are Undergraduates at the University or others who are commencing the study of the philosophical works of Cicero or Plato or Aristotle in the original language. It has been my wish to supply to them, what I remember vainly seeking when I was in their position, something which may help them to find their bearings in the new world into which they are plunged on first making acquaintance with such books as Cicero's *de finibus* or the Republic of Plato. The only helps which I had in similar circumstances some thirty years ago were a translation of Schleiermacher's introduction to the Dialogues of Plato, of which I could make nothing, and Lewes's small Biographical History of Philosophy, of which the aim, as far as I could judge, was to show that, as philosophy was moonshine, it was mere waste of time to read what the philosophers had written. Things have changed since then. (Typographical errors above are due to OCR software and do not occur in the book.)
