Reviews

The publication is simple in go through preferable to fully grasp. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

REACHING ANGELICA

Skyhorse Publishing, United States, 2016. Paperback. Book Condition: New. 208 x 140 mm. Language: English . Brand New Book. In a massive spaceship destined for Alpha Centauri B, with a genesis crew including Zip the telepathic dog, his old friendly nemesis Cramer, and a computer being name Ra (now inhabiting a human form and calling herself Aten), Simon Bank emerges from a hundred-year coma and is hailed as an awakened hero. Stuck with unwanted responsibility, he is forced to try and solve the entire enigma of the universe a small undertaking before the spaceship, his friends, and all life on Earth are swatted out of existence by super beings he has accidentally awakened. Simon's only hope is to plunge into other dimensions with his mind into the secrets of the universe's pan-dimensions as only he knows how. The fate of all life hangs in the balance as he struggles to prove himself worthy of the Path and the absolute trust his friends place in him. Simon knows all too well that if he fails there is no hope for anyone and that includes his best friend, an artificial intelligence computer called Apollo, which he sadly left behind. Besides, Zip would not be pleased, either. For fans of cyberpunk and classic science fiction, Reaching Angelica is the second book in Peter Riva's Tag series, the comic, thrilling, and continuing saga of Simon Bank's master system computer wrangler and very unlikely savior of the universe.
