

Future Bright: A Transforming Vision of Human Intelligence (Hardback)

By Professor of Educational Psychology Michael E Martinez

Oxford University Press Inc, United States, 2013. Hardback. Book Condition: New. 239 x 157 mm. Language: English . Brand New Book. Future Bright introduces a radical idea: Intelligence is learnable. This idea is tremendously important because it means that with the right environment, intelligence levels can be increased intentionally. Intelligence is essential to the survival and prosperity of not only individuals, but also organizations, nations, and the entire planet. Martinez first considers a seemingly simple question. What is intelligence? Examining some of the most fascinating stories in the history of cognitive science reveals the ways our ideas about intelligence have been shaped. Current research asks, Is intelligence just one thing? Or are there many different ways of being intelligent? For answers, we turn to the seat of intelligence, the brain. From the search for Einstein's brain to the curious case of a railroad worker whose frontal lobe was pierced by a tamping iron, researchers have sought to understand more about intelligence by understanding more about this mysterious organ. How do physical structures relate to how we think? How are memories made? How do the brain and the mind relate to one another? Finally, Future Bright explores the provocative finding...
