

## Carp Fishing Science: A Guide to Watercraft for the Carp Angler

By Jon Wood

Fishing Booksender, United Kingdom, 2010. Paperback. Book Condition: New. 234 x 155 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Carp anglers talk about watercraft all the time. But what exactly is that? Some would say it's applying understanding of the environment in which the carp lives and the fish itself to catch more of them. And how do we improve our watercraft? By studying how the behaviour of the carp changes as environmental variables fluctuate daily and seasonally. We can do this by spending time on the lake or river bank and by reading about it. Carp Fishing Science is unlike all other carp fishing books. It provides information which the angler can use in order to anticipate changes in the carp's behaviour, especially those related to nutrition and activity, therefore helping to improve the reader's watercraft. Jon Wood, marine biologist and experienced fish farm consultant, has written a book which looks at carp fishing from a very different point of view from all other publications; from that of the fish rather than the fisherman, which is really where it should be from. In Carp Fishing Science, he presents a distillation of more...
