Forgotten Books. Paperback. Condition: New. This item is printed on demand. 436 pages. Dimensions: 9.0in. x 6.0in. x 0.9in. Excerpt from Introduction to Juristic Psychology The object of this Introduction to Juristic Psychology is to suggest a syllabus of studies on the subject for law-students and for research-workers. The syllabus can not be complete and satisfactory in the authors first attempt to systematise. It will also grow with the growth of the science. Juristic Psychology is a science in the making. It can be built up only by the patient long labour of innumerable workers, hearty co-operation of all classes of people engaged in the judicial and non-judicial administration of law, and help of the general public. Considerable observation and experimental work, copious and exhaustive collection of statistics and their patient and intelligent study, are necessary. Each country and civilisation may give rise to a special branch of juristic psychology. A fully-developed juristic psychology is expected to be of material help in practical legislation and in judicial and non-judicial practical administration in every political state. The object of the present work is to suggest and stimulate thought on the subject and to be an introductory basis for instruction of pupils, and for research work. The present work is more like a digest and is defective owing to absence of copious illustrations from reported cases, incidents of history, personal experience and other sources, to explain vitalise and bring home the various facts, and principles stated in this book. This defect may be supplied by the teacher of the learners. Such copious illustrations would have made this treatise run into several volumes. The author had not the time necessary to complete such a big work. The book was written during the recess of a combined privilege leave and furlough. The author has a mind...
