## SOFTWARE PROCESS SUPPORT

VDM Verlag Dr. Müller E.K. Okt 2013, 2013. Taschenbuch. Book Condition: Neu. 220x150x13 mm. Neuware - By providing tools for process modelling and computerised enactment support, research on software process technology aims to aid the management and execution of distributed software development processes. This thesis presents recent research in the software process area by describing the design, implementation, and evaluation of the IMÁL prototype process management and support environment. The aim of the prototype is to address some of the...
