THE ECOFRIENDLY HOME (HARDBACK)

HarperCollins Publishers, United Kingdom, 2000. Hardback. Condition: New. Language: N/A. Brand New Book. Initial chapters cover the principles of Western environmental architecture and Eastern design, the basics of using water, air, energy, light and space; and the materials and construction of walls, floors and windows. While there is advice on designing an environmentally friendly home, few readers are in a position to commission such a building so the majority of information enables them to work with what is already in...
