Arlington: Twentieth-Century Reflections celebrates the new millennium with a unique reflection of the last one hundred years in this dynamic town. But by 1910, Arlington has already reached major crossroads and with astonishing speed, starts down the path towards its ultimate destiny as a residential suburb. Through these photographs we witness boom times and wartimes, celebrations and struggles, the vanished past and the past preserved. Most of these photographs have not been seen for decades, and many have been acquired from previously untapped sources. This item ships from multiple locations.
