## IMPACT ANALYSIS OF CLIMATE CHANGE ON THE DYNAMICS OF GLACIERS

Tamil Selvan Muthusamy  
Impact Analysis of Climate  
Change on the Dynamics of  
Glaciers  
Bhagirathi Basin, Garhwal Himalaya

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Bhagirathi Basin, Garhwal Himalaya | Glaciers are very sensitive to climate change. Climatic parameters like Temp., Precipitation, Wind Speed, Wind Direction, Solar Radiation are playing major role. Glacier s size, life span, growth and retreat all depend strongly on climate conditions. The Himalaya possesses all the three characteristics of glaciers viz. low, mid and high latitudes glaciers. In the extreme west the climate is purely sub tropic to mid latitudinal climate and...

## Reviews

*Absolutely among the finest pdf I have got possibly read. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- **Prof. Lois Cormier II**

*I actually started reading this article ebook. I have got read and so i am certain that i will going to study once more yet again in the future. I am just very happy to inform you that this is the finest publication we have read in my personal lifestyle and may be he finest ebook for ever.*

-- **Mrs. Clotilde Hansen II**

*The publication is great and fantastic. It can be filled with knowledge and wisdom You wont truly feel monotony at at any moment of your time (that's what catalogues are for about if you ask me).*

-- **Dr. Marcos Grimes III**
