Research and Ethics for the Medical Profession (Paperback)

By J M Albareeq

Partridge Singapore, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This seminal work, Research and Ethics for the Medical Profession, shares a common thread among all its contributing authors, and that the medical and nursing profession are obligated to act compassionately, honestly, and with respect for the betterment of their patients. Doctors have a moral duty to act within the law of the land while recognizing that at times the legislature may lag behind the evolving, and at times urgent, needs of the profession. The culture of respect for one's patient is essential in the doctor-doctor relationship and preserves society's confidence in the doctor and the profession at large. Respect for the patient exists at each stage of the doctor-patient interaction as informed consent or when the patient rejects the planned procedure or requests a second opinion. This book would provide a guide to the professional working in today's complex environment; however, the physician should always place his patient first and never be afraid to admit uncertainty or seek help.

Reviews

It is easy in study better to understand. Of course, it is actually play, nonetheless an amazing and interesting literature. I am quickly could possibly get a satisfaction of reading through a published ebook.

-- **Ms. Lucinda Koelpin**

The most effective ebook i possibly read. it was actually writtern quite completely and useful. I am just very happy to tell you that here is the best publication we have read through during my individual daily life and could be he greatest publication for possibly.
