Cleanliness of the teeth and gums will absolutely prevent decay, and may sometimes cure it. Up to the present all methods of cleansing the mouth have been failures, as they have not thoroughly removed the mass of infection from between the teeth and the surface of the gums. Mouth disease spreads throughout the body, causing prolonged sickness and death. It is hoped that this little book will be an inspiration to loving mothers and conscientious nurses, so that future generations will acquire the correct principles of mouth cleansing, and thus the terrible disease of mouth infection will be banished from the human race.
