Electrotechnics experiment Tutorial [Paperback]

By BEN SHE.YI MING

paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback Pages Number: 161 Language: Simplified Chinese Publisher: Machinery Industry Press; 1 (January 1. 2012). Electrical experiments tutorial is based on the Ministry of Education. electrical engineering courses teaching the basic requirements. in on the basis of years of teaching practice experience. combined with the latest laboratory equipment for school Electronic Laboratory written in the. Electrical Engineering Experimental Course content is divided into two parts. On the basis of articles. including the use of the commonly used experimental instrumentation. Multisim7 circuit simulation software and its application. the identification of common electronic components. hand soldering technology. The next experimental papers. including the experiments of electrical technology. electronic technology experiment and electrical practice skills training. Experiment highlights the design and synthesis. In addition to the hardware experiment. part of the contents. with Multisim7 software for circuit simulation experiments to realize the actual situation interaction. Of Experimental Results include DC circuits. AC circuit. the transient process. the three-phase asynchronous motor control experiments; electronic technology experiments. including the analog electronics. digital electronics. general logic array experiments. Electrician practical skills training. including circuit design. soldering...

Reviews

Here is the finest publication i have read through until now. I am quite late in start reading this one, but better then never. I am just easily can get a pleasure of studying a created publication.

-- **Morgan Bashirian**

This is actually the greatest pdf i have got go through until now. Indeed, it can be perform, nevertheless an amazing and interesting literature. Its been designed in an extremely simple way and is particularly only following i finished reading this ebook where really modified me, affect the way in my opinion.
