By Leon Arceneaux

iUniverse, United States, 2005. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. We live in a universe that in many respects is a mystery that we are trying to understand. Join the author on a voyage-a voyage past time into infinity. Walk with the author as he discusses the tiniest particles of matter, and then reach out into our indescribable universe-to Black Holes and Quasars. Wonder about other dimensions and other beings. Question how microbes and trees communicate. Launch your voyage from the beginning of creation and hang on for the ride. The purpose of, Of Time and Infinity, is to open the door of the cage where we have been taught to imprison our mind, and let it fly free-to look beyond the four dimensions that we are familiar with-beyond time into infinity. In doing so, we may touch the mind of God.
