Amberley Publishing, United Kingdom, 2017. Paperback. Condition: New. Reprint. Language: English . Brand New Book. One way or another the Romans spent quite a lot of time in bed, in between conquering and civilising the known world. The men were intent on demonstrating their power and virility; the women were busy conceiving, delivering and raising as many children as possible, in order to keep Rome topped up with soldiers, politicians and workers. In Bed with the Romans takes the clothes off Roman society to reveal the truth about sex and sexuality. It describes love and marriage; the role of the wife in the family and in religion, as well as in bed; and sexual medicine, homosexuality, pornography and pederasty. All manner of sexual behaviour is covered in this comprehensive and balanced discussion of the Roman relationship with sex. Paul Chrystal vividly describes the sexual predilections and debauchery of the Roman emperors and their empresses and mistresses, and draws his conclusions from literature, ancient graffiti, inscriptions and the visual arts that form the bedrock of this book.
