Reviews

An exceptional ebook along with the typeface employed was intriguing to see. It really is simplistic but surprises within the fifty percent of the ebook. It is extremely difficult to leave it before concluding, once you begin to read the book.

Brand New Book ***** Print on Demand *****.This book presents the struggle for dialogue and understanding between teachers and refugee and immigrant families, in their own words. Teachers need to become familiar with the political, economic, and sociocultural contexts of these newcomers lives, and the role of the U.S. in influencing these contexts in positive and negative ways. The important contribution of American Dreams, Global Visions is to bring together global issues of international politics and economics and their effects on migration and refugee situations, national issues of language and social policy, and local issues of education and finding ways to live together in an increasingly diverse society. Narratives of four immigrant families in the United States (Hmong, Mexican, Assyrian/Kurdish, Kosovar) and the teacher-researchers who are coming to know them form the heart of this work. The narratives are interwoven with data from the research and critical analysis of how the narratives reflect and embody local, national, and global contexts of power. The themes that are developed set the stage for critical dialogues about culture, language, history, and power. Central to the book is a rationale and methodology for teachers to conduct dialogic research with refugees and immigrants--research encompassing methods as once ethnographic, participatory, and narrative--which seeks to engage researchers and participants in dialogues that shed light on economic, political, social, and cultural relationships; to represent these relationships in texts; and to extend these dialogues to promote broader understanding and social justice in schools and communities. American Dreams, Global Visions will interest teachers, social workers, and others who work with immigrants and refugees; researchers, professionals,...
