

## Buying into the Environment: Experiences, Opportunities and Potential for Eco-procurement (Hardback)

By -

Taylor Francis Ltd, United Kingdom, 2003. Hardback. Condition: New. Language: English . Brand New Book. Green purchasing - or eco-procurement - by local and central governments has long been recommended in documents such as Agenda 21 to be a key - although sometimes supplemental-ingredient in the achievement of more environmentally responsible economies. Certainly, sustainable consumption cannot be considered a realistic goal without the full engagement of public authorities. Many initiatives have been undertaken in OECD countries, most successfully in Japan and Denmark where green public purchasing has been proven to be workable and highly effective, while, in other countries, city municipalities have successfully pioneered the development of sophisticated public environmental purchasing policies. However, for the vast majority of countries and their major cities, the potential for green public purchasing remains woefully untapped. A key question is what would be the environmental impact if the majority of cities in Europe replicated the success stories of those leading the way? Public procurement has, after all, been an important tool in achieving other public policy goals such as defence. Why should it not be used as a tool to defend the environment? The RELIEF project, funded by the EU s City of Tomorrow...
