

Metalwork and Enamelling (Paperback)

By Herbert Maryon

Dover Publications Inc., United States, 2011. Paperback. Condition: New. Revised edition. Language: English . Brand New Book. All those concerned with goldsmithing, silversmithing, rare metal objects, or metal scientific instruments, or their repair or restoration will be delighted to find this bible of their craft available again in a new edition. And those interested in such work as one of the most rewarding of all avocational arts can hardly find a better guide. For this is the professional s handbook -- the standard text on the subject. The author, who, among his other achievements, was responsible for reconstruction work on the Sutton Hoo treasure in the British Museum (and was awarded the Order of the British Empire for his work), treats every aspect of the craft in detail, from basic tools to casting and enameling in separate sections. After discussing materials and tools, he provides a treatment of soldering in rare metals that is more extensive, more thorough, and richer in practical advice than can be found elsewhere. He continues into filigree work, the setting of stones, raising and shaping, spinning, repousse work, wire twisting, hinges and joints, inlaying and overlaying, niello, alloys and stratified fabrics, enameling (including cloisonne, plique-a-jour,...
