

## The Master Algorithm: How the Quest for the Ultimate Learning Machine Will Remake Our World (Paperback)

By Pedro Domingos

Penguin Books Ltd, United Kingdom, 2017. Paperback. Condition: New. Language: English . Brand New Book. Pedro Domingos demystifies machine learning and shows how wondrous and exciting the future will be. Walter Isaacson, author of Steve Jobs: Society is changing, one learning algorithm at a time, from search engines to online dating, personalized medicine to predicting the stock market. But learning algorithms are not just about Big Data - these algorithms take raw data and make it useful by creating more algorithms. This is something new under the sun: a technology that builds itself. In *The Master Algorithm*, Pedro Domingos reveals how machine learning is remaking business, politics, science and war. And he takes us on an awe-inspiring quest to find The Master Algorithm - a universal learner capable of deriving all knowledge from data.

### Reviews

*I just began reading this pdf. It is actually written in straightforward words instead of hard to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

*This pdf is definitely not easy to get started on studying but quite entertaining to read through. I am quite late in starting reading this one, but better than never. Once you begin to read the book, it is extremely difficult to leave it before concluding.*
