Excerpt from The Message From the Governor to the Legislature of the State of New-York, on the Opening of the Session: January 3, 1826 I consider the system of our common schools as the palladium of our freedom for no reasonable apprehension can be entertained of its subversion, as long as the great, body. Of the People are enlightened by education. To increase the funds, to extend the benefits, and to remedy the defects of this excellent system, is, worthy of your most deliberate attention. The officer who now so ably presides over that department, is prevented by other official duties from visiting our schools in person, nor is he indeed clothed with this power. A visitatorial authority for the purpose of detecting abuses in the application of the funds, of examining into the modes and plans of instruction, and of suggesting improvements, would unquestionably be attended with the most propitious effects.
