This item is printed on demand - Print on Demand Neuware - Seminar paper from the year 2006 in the subject English Language and Literature Studies - Linguistics, grade: 1,7, University of Hannover, course: Varieties of English: Australian English, 13 entries in the bibliography, language: English, abstract: When Captain James Cook's ship, the Endeavour, arrived in New Zealand in 1769, the sailors found nothing but dangerous wilderness and some Maori people living there - and they soon left again. It took another 71 years until New Zealand became a British colony. Only few Europeans settled there before then; mainly sailors, tradesmen and whaling station workers. Nonetheless, New Zealand developed into a nation with a distinct identity and language, a variety of English. The academic analysis of New Zealand English (henceforth NZE) is a rather new field of study but many non-academic attempts have been made to explain its origins: Much discussion has focused on the origins of [Australian English] and [NZE] pronunciation, and at times the speculations have been wild. Some have maintained that these accents are caused by climate, by a national nose inflammation as a result of pollen or hay, and even by fear of opening the mouth on account of dust and flies; other accounts look to carelessness, laziness, some kind of gross national inferiority complex, a free-wheeling and adventurous spirit, or on outlaw heritage. Even ill-fitting dentures have been suggested as a likely cause. This essay will investigate the origins of NZE and its development as a distinct variety of English. As an introduction there will be a short outline of recent research on NZE and the different theories concerning its sources. Afterwards the role of the early European settlement will be discussed...
