Reviews

This publication is indeed gripping and intriguing. It is actually written in basic terms and not difficult to understand. I am just pleased to explain how here is the greatest publication we have read through during my own lifestyle and could be the best pdf for at any time.

Createspace Independent Publishing Platform, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Sucked into another dimension by a Shelby GT 500 KR, Driver 5 finds himself in the middle of a cornfield that should have been a city. A black clad girl is running for her life by a nightmare on foot. Thousands of zombies. She directs him to the base. The underground complex housing thousands of people. It s there that he finds himself the only hope of not only these people but the entire world. At the end of World War two, Hitler pulled off a sneak attack that we didn t see coming. Thousands of A-Bombs fell across the west, causing everything west of the Mississippi river to fall into the ocean. Japan was swallowed into the sea as was most of China. But that wasn t the worst of the Nazi treachery. They released a chemical agent that turned the rest of the population of the United States into zombie like creatures. Unlike the zombies in the movies, they do not kill for food. They just kill. In the base they fit him with a suit that employs nanotechnology, making his synapses and muscles fire at a super human rate. It s also hardwired to his brain. The car is upgraded and responds only to his suit. Navigation and reloading of ammo, specially made to only kill dead flesh is uploaded to the computers and the ammo pack on the suit back respectively. They give him the tools, a nanotech enhanced suit, and slight modifications to his car to drive from Indianapolis to Detroit. He doesn t have a chance in hell. The girl becomes his navigator and will only call him Driver 5 because of the...
