In both cases, they can do good or bad things with it, it depends on each person. I believe that, when any writer using their skills in a bad way or emphasizes rather than suggest their ideas in a quiet tone, they are deterioration our universe and filling it with hate, racism, phobia, and disloyalty. We should respect our differentiation and similarity between us. at least we have one culture we are human being, and subculture stuff must not give us a prerogative to create a mess in this world. Through our writing, we should feed people with brotherhood, hospitality, and charity. etc. I am living under four colonizers country and that is not easy. But still i have faith that we can get our Freedom by peaceful activists. Definitely, i can say that if we hated each other, we will be empty from love, charity, faith, and life. That is why we should live like a baby, love everything in this world. And live like an old man, be aware from everything in this world.
