Make a good income as a self-employed mobile mechanic. If you already know how to fix a car, you're way ahead of most people. All you need now is the business knowledge and expertise to turn your skill and talent into money. This book has that information, all in a simple, direct, easy-to-follow format. This book is a complete, step-by-step guide to making extra money for yourself as a self-employed, mobile mechanic. I take you through it step-by-step. I answer all these questions, and much more, in this informative book. Work when you want, how you want. Do what you enjoy doing anyway, working on cars, and make 100 here, 500 there. . . does that sound like the kind of money that you could use? My name is Steve Sorensen. I have counseled many of my friends, and even my employees, on starting their own self-employed mechanic businesses, and now I'm sharing that knowledge with you. Everything in this book is original information, I wrote myself just for this book. There's no ghost writer. I...
