By Noeleen Heyzer, Gita Sen

International Books, Netherlands, 1995. Paperback. Condition: New. Language: English . Brand New Book. This volume looks at the extent to which macro-planning and major poverty alleviation programmes of the Asia-Pacific region concretely benefit women, and thus provides a regional perspective on the interrelationships of gender, economic growth and poverty. The essays included here (a selection from papers presented at a meeting on the subject in Vietnam) focus on issues related to the interlinkages between macro-economic patterns and gender and poverty situations, major approaches to gender issues and poverty alleviation, and new possibilities to promote gender equity and reduce poverty.
